Price available on request

PRIVATE FEE LEAFLET

CENTRAL
HEALTHCARE

IMPORTANT INFORMATION

Any private work including medicals, private sick notes, letters, travel medicals, cancellation forms, etc are **entirely** at the discretion of the practice.

We are NOT obliged to perform any of these services as they are unconnected to our NHS work although we will always try and accommodate requests if we can.

The time needed to complete these requests is also at our discretion and there is usually a charge for these private services (see leaflet).

Our NHS work and responsibilities will ALWAYS come first and private work will NOT be prioritised above this.

GP's want to devote as much time as possible to seeing and treating their patients on the NHS. Increasing numbers of patients are making appointments to ask their GP for reports,

This leaflet contains information about the signing of certificates, application forms and provision of reports that are not considered to be part of the NHS service

GPs have a statutory obligation to provide some certificates as part of their NHS Contract e.g.

- Notification of infectious diseases
- Statutory sick notes for illnesses lasting more than 7days

Asking your GP to provide only those reports and certificates which are appropriate will give GPs more time to spend with their patients.

You should choose someone who has **relevant** knowledge of you and your circumstances and who can provide the information required on the form or certificate you want them to complete. If in doubt ask your local Citizen's Advice Bureau for advice on whom to approach.

GPs should **NOT** be asked to give opinions on matters about which they do not have specialist knowledge. e.g.

- If a child is fit to wear a school uniform
- If a child is fit to take part in a variety of social activities
- If a person is suitable to be a teacher
- Type of domestic heating required
- If a person is literate

EXAMPLES of forms or certificates that GPs ARE NOT obliged to sign:

(We can provide these **BUT** there will be a charge, please see back page)

- Passport / driving licence applications
- Sickness certificates for patients referred by hospital doctors for this sole purpose
- Certificates to excuse jurors from jury service
- Certificates for employers or occupational sick pay schemes
- Declarations in support of patients who wish to have a postal vote
- The statement at Part 1 or Attendance Allowance or Disability Allowance application forms (ask your carer or a health care worker to confirm your application. GPs may be asked by the Benefits Agency or at an appeal to provide a medical report)
- Certificates to explain a short-term absence from an attendance centre

Why do we make a charge?

Fees for private certificates and reports cover the cost of the time taken by a GP to review your full medical record and for the responsibility they accept when providing their signature. Your full record is checked to ensure that it is accurate and to exclude any information which could compromise the confidentiality of a 3rd party,

**Please make cheques payable to:
